West Sound Tech 101 National Ave N, Bremerton**

Have you heard about GWRRRA PLP Training? What is PLP you ask? Well it is Parking Lot Practice, at a more in-depth learning level, than just riding around on your own. Washington District is looking for members that wish to become PLP Facilitators. This training will allow you to conduct the GWRRRA PLP Training in your chapter to assist those members that wish to work on their riding skills. Your Washington District Education team is conducting our first Facilitator Training course. The training is free of charge and will consist of three sessions. Part one will be classroom based, where you will learn how to put on the PLP. The second part will be conducted on the Range where you will learn how to set up and conduct the range portion. The third part will consist of a District Educator Staff member certifying the potential facilitator as they conduct their own GWRRRA PLP Training session. If completed correctly you will be issued a GWRRRA PLP Facilitator number and you will be on your way to helping fellow members become better riders.
